CODE : PC5000277
CODE

RIG06 6-270 VL1 VCT DA 40/F1 LCB

RIF. CF (Mec. Fi.): - -

CONFIGURAZIONE / CONFIGURATION / KONFIGURATION

Descrizione meccanismo	Mechanism description	Getriebeschreibung	RIG06 6-270 VL1 VCT DA
Legge di moto	Motion law	Bewegungsgesetz	6-270 (Ca=5.528)
N° cicli	Number of cycles	Anzahl der Schaltzyklen	1
Versione uscita	Output version	Ausführung Schalttisch	VCT
Piano albero entrata	Input shaft projection	Seite mit Antriebswelle	DA
Predisposizione riduttore	Gearbox pre-arrangement	Einrichtung für Getriebe	40/F1 LCB
Posizione riduttore	Gearbox position	Anbaulage des Getriebes	-
Forature sul piano superiore della scatola	Holes on the housing upper plane	Gewindebohrungen in der Gehäuseoberseite	No
Forature opzionali di riferimento	Optional reference holes	Optionale Stiftlochbohrungen	No

RIDUTTORE / GEAR UNIT / GETRIEBE

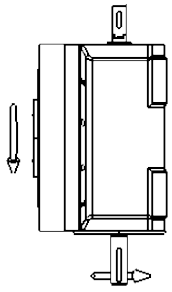

Descrizione riduttore	Gear unit description	Getriebebezeichnung	-
Prdisposizione motore	Preset for IEC motor	Verbindungen mit IEC-Motor	-
Rapporto riduzione	Gearbox reduction ratio	Getriebeübersetzung	-
Taratura	Adjustment	Auslösemoment	-
Codice riduttore	Gear unit code	Getriebecode	-

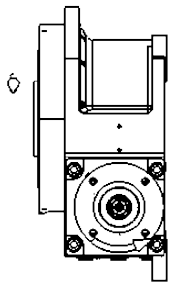

MOTORE / MOTOR / MOTOR

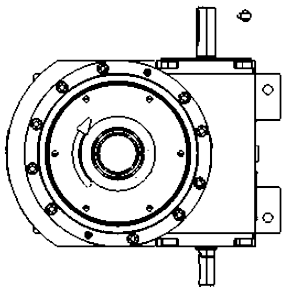

Descrizione motore	Motor description	Motorenbeschreibung	-
Freno	Brake	Bremse	-
Tensione e Frequenza	Voltage and Frequency	Spannung und Frequenz	-
Potenza	Power	Leistung	-
Codice motore	Motor code	Motor Code	-

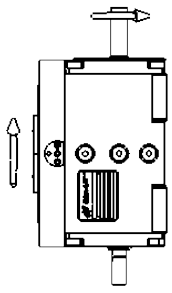

MICRO / MICRO / ENDSCHALTER

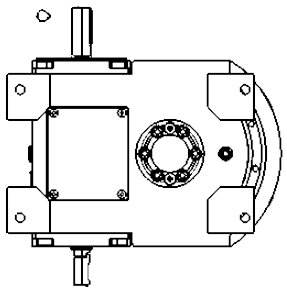

Tipo gruppo micro	Micro assembly type	Typ der Endschalterbaugruppe	-
Versione micro	Micro version	Version der Endschalterbaugruppe	-

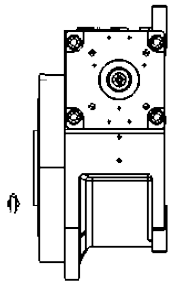

-

	Date	Name
Draw	02/11/2026	L. C.
A4	Scale 1:9	Sheet 1/1
